# Available in 29, 38, 40 and 50 Gallon Tall – 30, 40 and 50 Gallon Short Gas Models

# 6-Year Limited Tank and Parts Warrantv\*

## ▶ With ProtectionPlus™ the 6-Year Limited Tank Warranty Becomes 10 Years!

#### Guardian System™

- · One-of-a-kind air/fuel shut-off device offers double protection
- Maintenance free no filter to clean
- Standard replacement parts

## **Environmentally Friendly Burner**

- Low NOx design for low nitrous oxide emissions Self-Cleaning
- EverKleen<sup>™</sup> patented system fights sediment build-up
- Reduces fuel costs
- Provides more hot water

#### Easy to Light

No matches required

#### **High Altitude Compliant**

 All models are certified for applications up to 6,000 feet above sea level. Some models are certified up to 10,200 feet above sea level. Check factory for listings

## Plus...

- Brass drain valve and temperature and pressure relief valve are included
- Meets or exceeds National Appliance Energy Conservation Act (NAECA) requirements

# High Efficiency Models Feature:

- High performance and lower operating cost
- Compliant with many gas utility incentive programs

\*See Residential Warranty Information Brochure for complete warranty information.

Energy Factor and Average Annual Operating Costs based on D.O.E. (Department of Energy) test procedures. D.O.E. national average fuel rate natural gas \$1.218/therm; LP \$1.87/gallon.

# Rheem Guardian System Features...

## **Exclusive Combustion Shut-off System**

Should a spill incident occur, the Guardian System shuts off the gas supply and the air supply preventing a sustained vapor burn in the combustion chamber.

Flame Arrestor Plate

A specially-designed flame arrestor prevents ignition of vapors outside the combustion chamber.

# Maintenance Free

Superior air filtration prevents the flame arrestor from becoming clogged by lint, dust and oil.

These units are designed to meet or exceed ANSI (American National Standards Institute) requirements and have been tested according to D.O.E. test procedures and meet or exceed the energy efficiency requirements of NAECA, ASHRAE standard 90, ICC Code and all state energy efficiency performance criteria for energy consuming appliances.

Before purchasing this appliance, read important energy cost and efficiency information available from your supplier.
